PROFESSIONAL SUMMARY

Motivated **Artificial Intelligence & Data Science** student with a strong foundation in machine learning, data analytics, predictive modeling, and full-stack integration. Skilled in Python, SQL, Power BI and developing innovative solution. Experienced in hands-on internship work and real-world project execution. Passionate about leveraging cutting-edge AI technologies and data-driven insights to solve complex industry problems.

EDUCATION

Arunai Engineering College

Bachelor of Technology (B. Tech) – Artificial Intelligence and Data Science
2023 -2027
CGPA: 8.01(Up to 6th semester)

Higher Secondary Certificate (HSC)

Completed higher secondary education-2023
Sri.V.D.S.Jain Higher Secondary School.

TECHNICAL SKILLS

- Python
- Power BI
- Data Science
- Artificial Intelligence
- Web Development

INTERNSHIP EXPERIENCE

Data Science with Python Intern

June 19, 2025 – July 19, 2025

AdroIT Technologies Innovative Solutions Pvt. Ltd. (IBM Business Partner) *Virtual / Remote*

- Gained practical experience in data preprocessing, exploratory data analysis (EDA), and feature engineering using Python (Pandas, NumPy, Matplotlib, Scikit-learn).
- Built predictive machine learning models to solve real-world analytics problems and performed data-driven decision evaluation.

KEY PROJECTS

AI-Powered Disease Prediction System

- Built an AI model to analyze patient health data and accurately predict disease risks to aid early clinical diagnosis.

NLP & Machine Learning Suite

- Developed Sentiment Analysis, Spam Email Classification, Decision Trees, and Regression models using TF-IDF and NLP pipelines.

Predictive Marketing & User Behavior Analytics

- Analyzed user behavior data to perform predictive modeling for personalized digital advertising and targeted ad placement.

CERTIFICATIONS & SPECIALIZED TRAINING

- **Full Stack Development and Data Science**
- **Watson Services - Rapid Development for AI**
- **Data Analytics with Power BI**
- **IBM Cloud and IBM Watsonx Bot Development**

ACHIEVEMENTS & PARTICIPATION

- Participated in an intensive **24-Hour International Level Hackathon**, designing practical tech solutions under tight deadlines.
- Active attendee in technical workshops and webinars focusing on **Agentic AI and Next-Gen Autonomous Systems**.
